ANNUAL REPORT OF EXAMINATION FOR THE YEAR 2022-23		
INTERNAL EXAMINATION:		
<p>As per the rules and regulations of Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon, the Internal examination of both semesters of BA, B.Com., B.Sc., BCA, M.A., M.Com., and M.Sc. was conducted towards the end of the semesters. The two Internal Unit Tests of 20 marks each were conducted under strict supervision. The marks obtained were filled out online on the exam portal. The grievances related to the marks of the students were immediately redressed by the examination committee by contacting the officials of the university.</p>		
EXTERNAL EXAMINATION:		
<p>As per the Time -Table set by the university, the external exams of 60 marks each of BA, B.Com., B.Sc., BCA, M.A., M.Com., and M.Sc. were conducted under strict vigilance. All the rules and regulations of the university were followed while conducting the examinations. The marks of the external exam are also entered on the university portal. The performance ledger was prepared and after a thorough checking, the marks were sent to the university for further processing. As per the rules and regulations of the university, the answer papers of the second and third years of UG and PG are assessed in the college CAP Center.</p>		
<p>The college was granted CAP Center for UG and PG in 2022-23. A total of 13417 papers were evaluated during the winter session and 12188 papers were evaluated during the summer session. The college was awarded the "Best CAP Center" by the university for its performance.</p>		
<p>No serious grievances came from the students relating to the Internal Exam.</p>

Earth, our home is the third planet from the sun. It's the only _____ known to have an atmosphere containing free oxygen, oceans of water on its surface, and of course, life. The fifth-largest planet of the Solar system is the Earth. It is smaller _____ the four gas giants _____ Jupiter, Saturn, Uranus, and Neptune _____ but larger than the three other rocky planets, Mercury, Mars, and Venus. Earth has a diameter of roughly 8000 miles and is _____ because gravity pulls matter into a ball. But it is not perfectly round. Earth is really an "oblate spheroid" because its spin causes it to be squashed at its poles and swollen at the equator. 71 percent of the Earth's surface is covered with water and most of that it is the oceans. About a fifth of Earth's atmosphere consists of oxygen, produced by _____. While scientists have been studying our planet for centuries, a lot has been learned in the past few decades by studying pictures of Earth from space.
