Best Practices:

Best practices in colleges involve implementing strategies and methods that enhance student learning, engagement, and overall well-being. The EOA Clearinghouse defines Best Education Practices as the wide range of individual activities, policies, and programmatic approaches to achieve positive changes in student attitudes or academic behaviors.

Promising education practice: Contains detailed information describing the practice and how to implement it. Good teaching practice is a key influence on student learning – a desired outcome and primary goal of higher educational institutions. Teachers strive to meet the principles of good practice to provide the best learning experience for their students. Respecting diverse talents and ways of learning.

Purpose of Best Practices:

- ❖ Find the student's strengths. ...
- ❖ Learn multiple techniques to reward positive behavior. ...
- ❖ Create a positive, safe learning environment. ...
- ❖ Understand behavioral assessment and intervention. ...
- ❖ Know when it's time for evaluation.
- ❖ Track each student's progress. ...

INTRODUCTION: -

Dadasaheb Devidas Namdeo Bhole College Bhusawal The college was established in the year 1994 with the mission “Sarvangin Vikasaya Shikshanam: Education for the all-round development” of the students. The degree college began on 1st July 1994 with formal permission from the government of Maharashtra and K.B.C. North Maharashtra University, Jalgaon. The college was envisioned as an institution that would inculcate strong human values among the common masses especially the reserved category and other backward communities from in and around Bhusawal to fulfill our mission.

Over the last two decades, our college has grown in terms of faculties, co-curricular and extracurricular, and extension activities. We are open to students of all communities, the majority being SC, ST, SBC, NT, and OBC. We are permanently affiliated to K.B.C. North Maharashtra University, Jalgaon which was ranked first among the state universities as per the survey by Career360 magazine. We try our best to inculcate knowledge through co-curricular and extracurricular activities. Under the Student Welfare Committee, we have NSS and Yuvati Sabha unit which undertake social causes and try their best to inculcate the same among the students and the masses.

The official and unofficial feedback we receive from the students, alumni, parents, educationists, and Local Managing Committee helps us to identify the weaknesses and also helps us to achieve excellence in our endeavor. We were granted a B+ grade by the previous NAAC Peer team in 2017 and have endeavored to implement their recommendations. We do our best to provide all-around development of our students in curricular, co-curricular, and extra-curricular activities, and in doing so we aim to achieve a contribution and commitment to a better India for all of us.

The Internal Quality Assurance Cell has been instrumental in raising the quality of the college, implementing and enhancing the measures for quality improvement during the post-

accreditation period. This report is the outcome of the collective and collaborative effort of the entire college community. It has been prepared under the leadership of our Principal Dr. R. P. Phalak & and IQAC coordinator- Dr. Anjali Patil who along with all the teaching staff members, meticulously collected, analyzed, documented, and articulated all the records and activities, listed in the seven criteria for the last year. We have had several meetings with the staff, as the drafts of the report were being prepared so that everyone would be familiar with the report and offer suggestions and indicate areas we had overlooked.

During the past 22 years, the institution has witnessed steady progress in the field of education benefitting the students from the economically weaker and backward sections of the society in and around Bhusawal and nearby villages adopting and acquiring innovative initiatives and employing new techniques. Since the last NAAC visit, the college has adopted policies that show a significant change in various areas like research, extension activities, teaching-learning process, and student support mechanisms to name a few. These changes were in accordance with our vision “Sarvangin Vikasaya Shikshanam”.

The College has set the vision – “Sarvangin Vikasaya Shikshanam’ “Education for all-round Development”

Mission: “Commitment to Excellence in Education, overall Development of Students, and Development of Responsible and Disciplined Members of the Society”. The College aspires "To be a distinguished Institution which provides high-quality education". It wants to provide such courses that will be uniquely valued by the industry and provide a firm basis for its students to build challenging careers in their professional lives.

BEST PRACTICE 1: - SOCIAL COMMITMENT

1. Title of the Practice: Social Commitments

Social commitment is and that translates into a voluntary search for the general welfare above the individual. An institution can demonstrate social responsibility in several ways, for instance, by donating, encouraging volunteerism, and making changes that benefit the environment and society. Social commitments refer to the responsibility and obligations that institutions have towards society at large. these commitments often revolve around improving the well-being and welfare of communities, promoting social justice, and addressing various societal challenges. In the context of an institution, social commitments can encompass a wide range of activities and initiatives aimed at making a positive impact on society.

2. Goals: The goals of this practice are:

- i. To promote social awareness among the students by arranging various activities in and out of the college.
- ii. To encourage the student's contribution to the well-being of society and the environment.
- iii. To create a sense of belongingness towards the nation amongst the students.
- iv. To help the less advantaged sections of the society.
- v. To provide medical help to the needy residing in the slums and nearby areas.

3. The Practice: The following are the programs held to promote responsibility and commitment towards society.

BEST PRACTICE 2 :- ENVIRONMENTAL AWARENESS

1. Title of the practice: Environmental Awareness

Environmental awareness is the understanding of natural environment protection and the activities that can cause harm to the environment

Environmental awareness refers to the understanding and appreciation of the natural world and the recognition of the impact of human activities on ecosystems. It encompasses knowledge about environmental issues, such as pollution, climate change, deforestation, and biodiversity loss, as well as the promotion of sustainable practices to protect and preserve the environment for future generations. Environmental awareness aims to inspire individuals and communities to take action to mitigate environmental degradation and promote stewardship of the Earth's resources.

2. Goals: The goals of this practice are:

- i. To generate awareness among students by managing waste and a clean environment.
- ii. To create awareness among students to use pollutant-free vehicles to reduce pollution.
- iii. To understand how human beings interact with the environment for protection and Conservation.
- iv. To create awareness and sensitivity to the environment and environmental challenges.
- v. It helps us to create a more sustainable environment by promoting renewable reasons.
- vi. Motivate to improve and maintain environmental quality.
